

SAVE THE DATES . . . **Human Fertility** –

Where Faith and Science Meet . . . an interdisciplinary conference

July 15-17, 2010

Intercontinental Hotel, Milwaukee, WI

The mission of this conference on human fertility is to promote research on the science of Natural Family Planning, its related issues and to foster deeper thought on the Catholic Church's teachings which support its use in marriage.

**CONTACT HOURS MAY
BE AVAILABLE FOR THIS
PROGRAM**
For more information, write to:
Mary Schneider, MSN, FNP-BC,
NFPE

Day One — NFP Science

Sessions feature current research on the methods of Natural Family Planning including reports from the U. S. Dept. of Health and Human Services' NFP research grant recipients. Related topics include—NFP poster sessions, papers on nutrition and the menstrual cycle, breastfeeding, and more!

Day Two — Faith

Sessions feature various aspects of Catholic theology on human sexuality, marriage, and family. Papers from other disciplines, such as sociology, included!

[Register through the USCCB NFP Program](#) — All registration must be submitted with payment by mail. For more information contact: nfp@usccb.org
